

Health and Safety

KinderCare®
LEARNING CENTERS

KinderCare has earned the WELL Health-Safety Rating!

Our centers are verified as safe and healthy
places for children to learn and grow.

It's one thing for us to say we're doing our best to keep everyone well at KinderCare. It's another thing to have the experts verify it! We're proud to share that we've earned the WELL Health-Safety Rating™ from the International WELL Building Institute™ (IWBI). To earn this prestigious recognition, KinderCare underwent a thorough evaluation to make sure we're meeting IWBI's top-tier standards. And we passed with flying colors!

So, you can feel confident that we're putting your child's health first—and that's a great feeling for a parent to have. So, join our healthy learning community! It's expert-verified that your child is going to thrive.

Signed, sealed, and delivered.

When you see the WELL Health-Safety seal on our center doors, it means that ...

- **Your child is in a squeaky-clean environment.** We keep hands and surfaces clean so little learners can explore safely.
- **You can feel sound knowing that we're emergency-prepared.** Don't worry, we're always prepared! And we clearly communicate our response protocol so everyone is on the same page.
- **We care about the health of our staff.** Our teachers and staff are the heart of our centers, and we want them to be healthy and happy! With sick leave, health benefits, and a clean, smoke-free environment, our teachers are at the top of their game.
- **Your little one is breathing clean air and drinking safe water.** We make sure our kiddos are getting fresh air in the classroom and have top-notch water to drink.
- **We go above and beyond!** Yep, we're committed. KinderCare has health and safety practices and procedures in place that go beyond what IWBI requires.

We're super-duper proud of this achievement because it means we're doing our very best to create a safe, nurturing environment for your family.
