

Your Child's Learning Journey

KinderCare
LEARNING CENTERS

Can you believe the incredible strides your child has made? And there's so much more they'll do.

No matter where your little learner is on their journey, we're here to support them (and you) every step of the way.

	<p>Baby (0–12 months)</p> <p>Even before first words or steps, so much happens in your baby's first year. The words spoken, read, or sung to them are all building blocks for your baby's brain.</p>		<p>Prekindergarten (4–5 years old)</p> <p>Seeing your budding novelist begin their writing adventure brings so much pride. Your prekindergartner will begin journaling and drawing thoughts, ideas, and experiences.</p>
	<p>Toddler (12–24 months)</p> <p>Toddlers sure do move and explore! We love their energy, helping their vocabularies grow, seeing all they express through scribbles, and watching sweet friendships develop.</p>		<p>Transitional Kindergarten (4–5 years old)</p> <p>An engineer at 5 years old? You bet! See their natural curiosity come to life as they design new block machines, dinosaur models, or race car tracks. (This classroom is for kids who are ready for the next step but missed the kindergarten cut-off date.)</p>
	<p>Discovery Preschool (2–3 years old)</p> <p>Why? Why, why, why? We're here to guide sprouting conversations and answer your 2-year-old's curious (and endless) questions on their quest for answers.</p>		<p>Kindergarten (5–6 years old)</p> <p>This class is full of big thinkers who describe, collect, organize, and make sense of the world around them. Listen as they hypothesize about people, places, and things!</p>
	<p>Preschool (3–4 years old)</p> <p>Whether we're pointing out the "S" in a stop sign or the number "3" on the bus, we love sparking discoveries for preschoolers in the most unexpected places and ways.</p>		<p>Ready for school (and already excelling)!</p> <p>Recent national assessments show the power of our programs: KinderCare kids are more prepared for first grade than expected for their grade level* and meet development milestones sooner.</p>

*Based on results from the BRIGANCE® and TerraNova® assessments of students ages 6 weeks to 7 years in over 400 KinderCare and Champions classrooms during the 2018–2019 school year
