

SUMMER PROGRAM

MIDWEST CHRISTIAN MONTESSORI ACADEMY

MCMA offers a great summer program with educational and fun, enriching activities such as crafts and exploring the outdoors. Students will have the opportunity to maintain and/or strengthen their academic level in a small group, as well as socialize with friends.

Enrollment weeks may be chosen individually in order to accommodate family vacation plans. Summer school will be available for all levels in both June and July, provided there is minimal enrollment. Take advantage of this great opportunity to continue your child's educational process and keep them academically and socially engaged during the summer.
