Roku

Quick Start Guide

Fountaindale Public Library hopes you enjoy the streaming services provided on the Roku Ultra device. To ensure that your viewing of these services is not interrupted, please be careful not to log out of Netflix, HBO NOW or Disney$^+$ channels. Please do not remove any set channels or content. Do not enter or leave personal credit card information logged into any channels or accounts.

For any content-related concerns, please visit our website for the Collection Management Policy or request a copy upon your return of the Roku device.

Thank you, and enjoy your experience.

What's included in your Roku kit
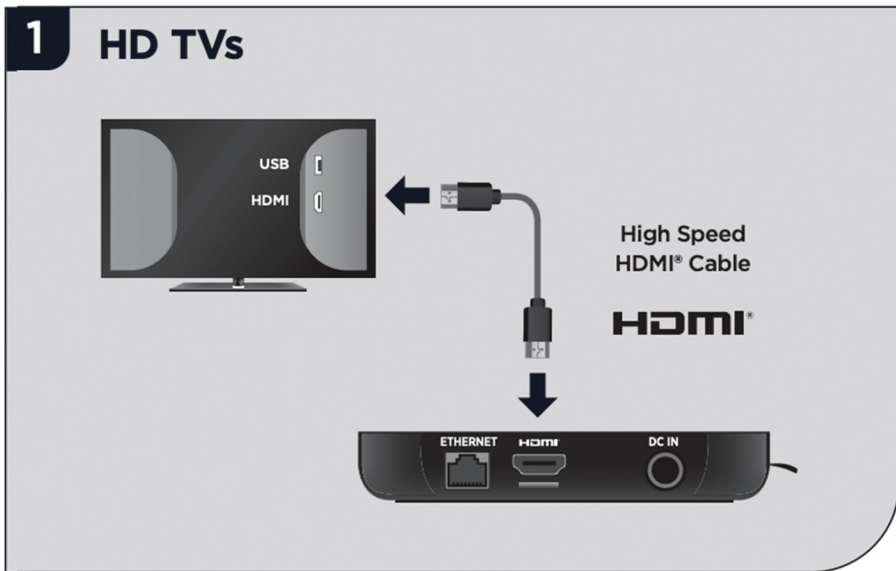

Roku Ultra

Roku Remote

Power Adapter

HDMI Cable

*This device requires a Wi-Fi connection
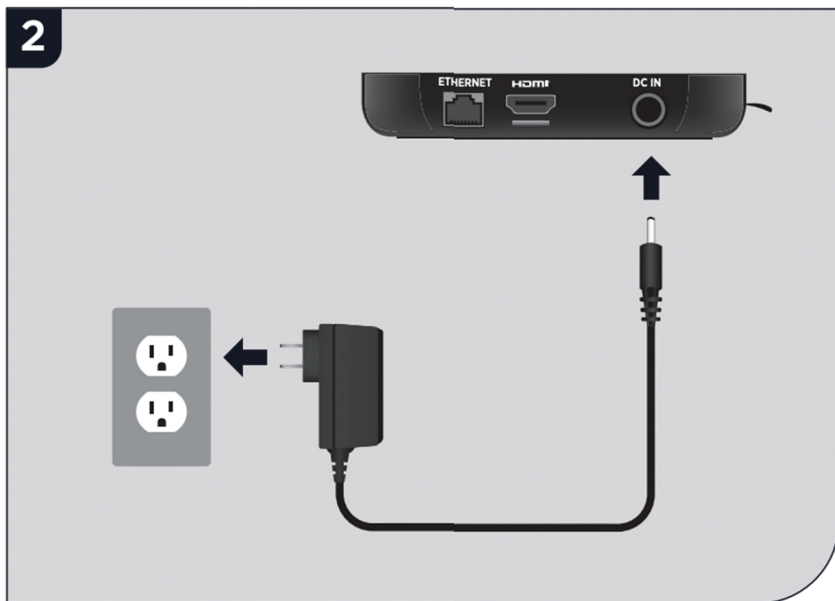

Setup

Step 1: Connect to TV

Connect the Roku Ultra to an HDMI port on your TV, using the HDMI cable provided.

Setup

Step 2: Connect to power

Use the included power adapter to connect your Roku Ultra to a power outlet.

Setup

Step 3: Power on TV and select input

Use your TV remote to power on and select the HDMI input you used to connect the Roku Ultra to the TV.

Note: Depending on your TV model, there can be more than one HMDI input option.

Roku Ultra

Sucess!

If everything is connected and the correct input is selected on your TV you should see the Roku Home Menu. You are now ready to connect the Roku Ultra to your Wi-Fi network.

Selecting the correct profile

Using the remote, select the profile that matches the label on the front or bottom of the Roku Ultra device.

Disney+

Browse and Watch

Using the remote, browse through your favorite shows and movies, then press OK on the remote to begin watching.

Note: At this time Disney⁺ is not tracking viewing history.

VUDU

Movies

The content available with the Fountaindale Roku includes a collection of movies available to view through My VUDU Movies.
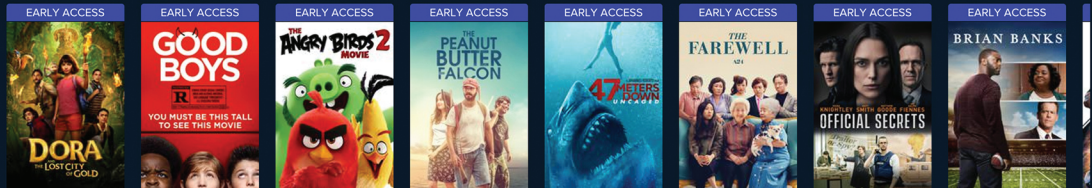

Note: Additional content may be free to view with ads.

VUDU

Movies

From the VUDU home menu navigate to the top menu and select MY VUDU, then navigate to Movies. Fountaindale Roku movies are found here.

VUDU

Playing Movies

Once you have selected a movie press OK on the remote. From the movie play menu make sure the WATCH option is highlighted and press OK on the remote.

Roku free content

The Roku channel provides additional free content as well as live TV channels. However, the premium subscription content is unavailable on the Fountaindale Roku device.

YouTube

Browse and watch your favorite YouTube videos.

Note: Linked accounts will be logged out when the Roku is returned.

Linking

Your Fountaindale Library card gives you access to the streaming services Kanopy and hoppla. You have the option to enjoy these services on the Fountaindale Roku device. To use these services follow the instructions and link your Kanopy or hoopla account to the Roku device.

Note: Logged in accounts will be logged out once the Roku is returned.

Linking

You will need to have an active hoopla account and access to a web browser to link to the hoopla app. If you have an account, already press OK for the next step, otherwise visit the link to create an account first.

Note: Logged in accounts will be logged out once the Roku is returned.

Welcome to hoopla!

Before we begin, make sure you have a hoopla account. Don't have one? Sign up for one by visiting the link below.
